The Present Simple vs. The Present Continuous

You use the Simple Present tense to talk about:

- a routine action or specific action that happens regularly
- a general truth
- personal information

You can use expressions of frequency like *every day* or *always* with the Present Simple.

You use the Present Continuous tense to talk about:

- a current event or an action happening around now
- events that **are happening** soon (future plans)

You form the Present Continuous with the verb **to be + verb-ing**.

You can use expressions like *right now* or *later* with the Present Continuous.

Examples:

- *Every April, artists, musicians and chefs **come** together to create an artistic theme park.*
- *You guys **are planning** another trip to Argentina, now?*
