A tourist asks John about penguins. What does she learn?

Instructions: Read the text aloud.

- Tourist:** So, John, I saw in my guidebook that there were penguins in Argentina!
- John:** Yes! Who would have guessed, eh?! Argentina is one of the biggest breeding grounds for a variety of penguin species.
- Tourist:** Where do they live?
- John:** Their main breeding ground is coastal Argentina, where you can see colonies as large as 500,000.
- Tourist:** Is that right? How fascinating!
- John:** Mhmm. Unfortunately, the species is considered a "threatened species" because of oil pollution and tourism.
- Tourist:** Really? Oh, no! They are so cute!
- John:** Indeed they are. When we get back to the ship, I can show you some videos of the penguin colonies here and on the Falkland Islands.
